Russel,

Thanks for sending the subsidence report. Would it be possible for you to attach a map that depicts the locations of the surveying transects? I'm guessing that you have one.

Also, could you let me know when you plan on sampling this quarter. Things have quieted down a bit on my end and I'd like to go out when you do your sampling for the 2nd quarter. If you could give me a heads up on that at least a week or so out, that would be great.

thanks,  
Steve
